SKILLS

TypeScript • JavaScript • React • React Native • NextJS • NodeJS • TailwindCSS • tRPC • Prisma • NextAuth • Puppeteer • Express • PostgreSQL • Git • Lua • Love2d

EXPERIENCE

The Crazy Coupon Lady | Remote (Based in Boise, ID)

May 2023-Present

Software Engineer

- Develop new features and maintain code for web applications written in NextJS (React)
- Develop new features and maintain code for mobile applications written in React Native
- Convert existing files from JavaScript to TypeScript for both mobile and web
- Take part in extensive rebrand campaign for both web and mobile

MX Technologies | Remote (Based in Lehi, UT)

May 2021-May 2023

Software Engineer

- Developed numerous data connections to FinTechs and digital finance platforms for the purposes of account aggregation as well as instant account and identity verification
- Engineered data connections using Node.js to leverage its asynchronous programming to more fluently interact with browser events
- Utilized TypeScript for faster error detection before runtime and its ability to self document through function signature and data type definitions
- Automated DOM data aggregation using the Puppeteer Node.js library for its simple configuration, execution, and debugging as well as its seamless integration with the Google Chrome browser
- Regularly maintained legacy codebase, including but not limited to, adding new features, correcting bugs and decreasing technical debt where possible

Devmountain | Remote (Based in Lehi, UT)

December 2020-March 2021

Software Engineer (Student)

The Simple Things

React | React Hooks | Redux | NodeJS | Express | Axios | Bcrypt | PostgreSQL | Massive

- Developed app where user is able to search and access family recipes, create an account, and leave comments on each recipe

Hungree

React | React Hooks | NodeJS | Express | PostgreSQL | SCSS | Amazon S3 | Yelp Fusion API | Socket.io

- App that allows user to swipe/agree on restaurants located around them to help decide where to eat

JT Marketing and Consulting | Remote (Based in Chicago, IL)

November 2019-December 2020

Director of Inbound Sales

- Directed, trained, and motivated the Inbound Sales team (ranged from 15-20 sales reps)

EDUCATION

Devmountain

Lehi, UT

Full Stack Web Development Certificate

Graduated: March 2021

Brigham Young University

Provo, UT

Bachelor of Arts in Interdisciplinary Humanities (History Emphasis)

Graduated: June 2018
